Pursuant to statutes of the State of California, it is the responsibility of the court to establish procedures for the timely and effective disposition of civil cases.

The court is charged with the responsibility of ensuring all parties a fair and timely resolution of their disputes, and the court is in the best position to establish neutral rules and policies without adversely affecting all parties' right to a fair trial. Effective management of the judicial system will build continuing respect by the community of government, minimize the costs to the parties and the public, and maximize the probability that cases will be timely resolved.

The goals of the Monterey County civil case and trial management system are:

1. To provide an effective and fair procedure for the timely disposition of civil cases;
2. To provide a mechanism to gather needed case information in order to make appropriate judicial management decisions; and
3. To establish reasonable rules and policies to require that cases reporting "ready" for trial may be tried without unnecessary delays or interruptions.
